

# HPSM Provider Forum: 2020 CareAdvantage Primary Care P4P Program

12/13/2019

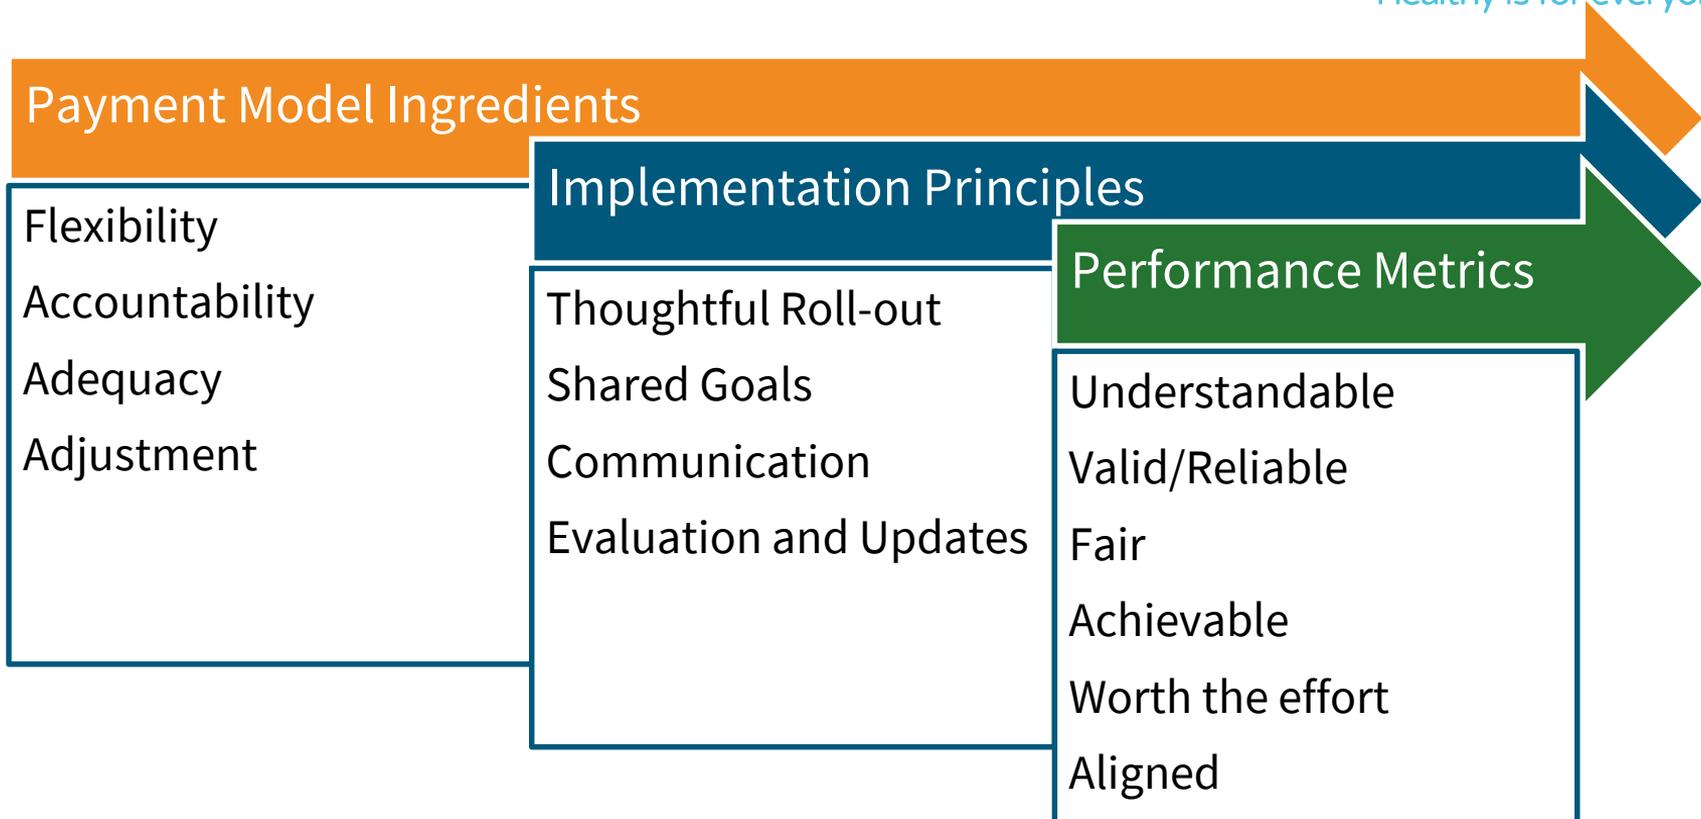

## Agenda:

1. Context setting: Getting to today and where we're going
2. 2020 PCP P4P Program Update Highlights
3. Deep Dive on Program Measures
  - Criteria for measure prioritization
  - Review of prioritized measures
  - Payment vs. reporting measures
4. Next Steps

# Our North Star

# HPSM Value-Based Payment Model Development:

# HBR Article – Don't Let Metrics Undermine Your Business

- “A company can easily **lose sight of its strategy** and instead **focus strictly on the metrics** that are meant to *represent* it”
- **Surrogation**: The tendency to mentally replace strategy with metrics
- “The intent behind metrics is usually to capture some underlying intangible goal”

# HBR Article – Don't Let Metrics Undermine Your Business

- “Metrics give strategy form”
- “**Metrics** provide clearly **defined direction** where **strategy** may otherwise seem **too amorphous** to have an impact”
- “Because they can coordinate behaviors and actions, metrics are crucial”

# Quality Metrics: An Overview from the Literature

- The Institute of Medicine specified 6 key domains or targets for improving health care quality:
  - safety, timeliness, effectiveness, efficiency, equity, and patient/family centeredness
- 3 types of measures:
  - Structure, Process, and Outcomes
  - (Reference:  
<https://pediatrics.aappublications.org/content/139/1/e20163442>)

# HBR Article – Guarding Against Surrogation:

## 1. Get the people responsible for implementing the strategy to help formulate it

- “Simply *talking* about strategy with people is not sufficient”

## 2. Loosen the link between metrics and incentives\*

- Set metric targets at a level that reflects the imperfect nature of the metric and draws attention back to the underlying strategy
- Metrics should be reflective of the evidence-based approach for providing high-quality, low-cost care for *most* patients; there will always be exceptions

## 3. Use multiple metrics

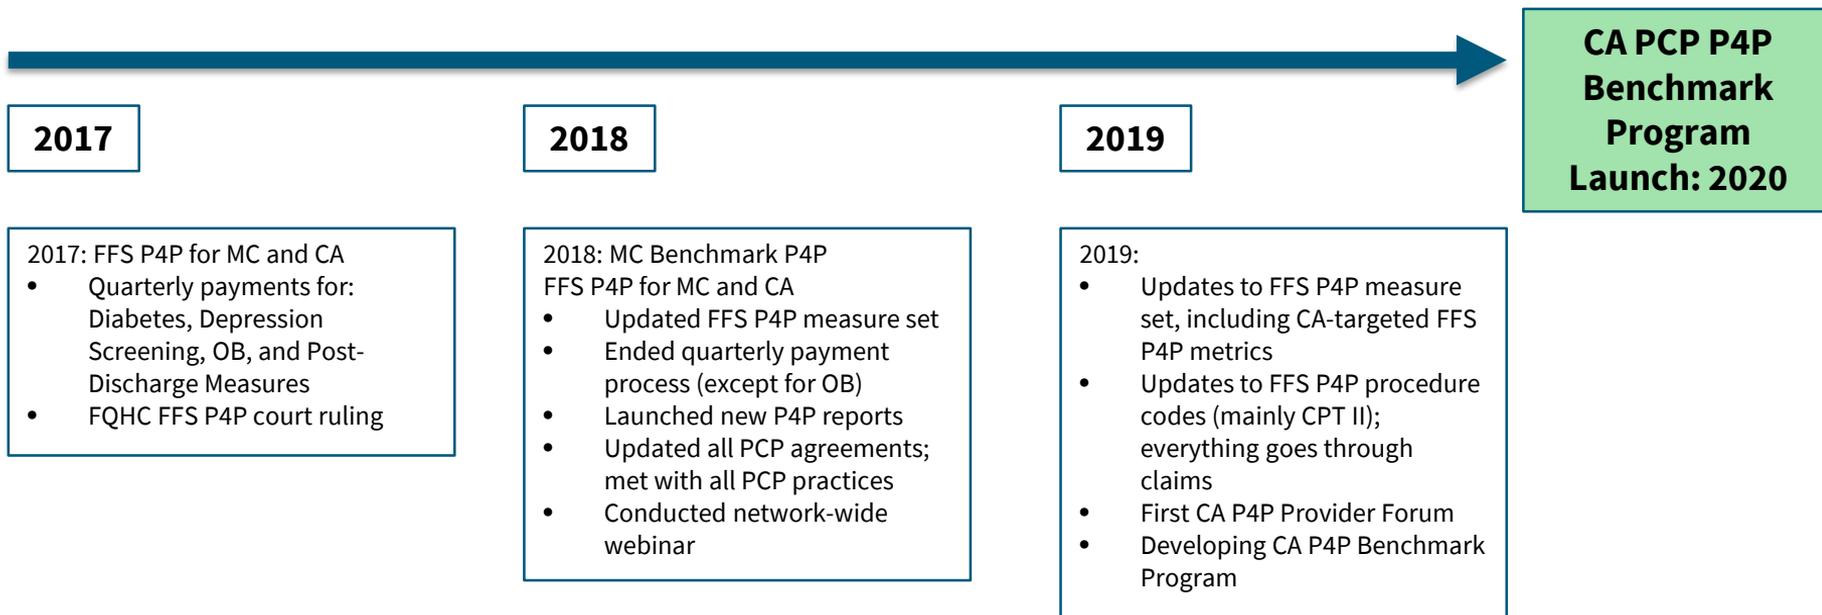

- No single metric completely captures the strategy
- People surrogate less when they’re compensated for meeting targets on multiple metrics of a strategy rather than just one

# HPSM Strategic Framework – Pillars:

- **Access to high-quality care and services**
  - Meet members' needs through:
    - Improved services and programs
    - Integrated services across public and private systems
  - Strengthen provider partnerships
- **Strong internal operations**
  - High standards of operational excellence for our members and providers
  - Optimize technology solutions to support members and providers
- **Financial stability**
  - Sustain core services and programs
  - Improve the delivery system through innovation and sustainable investments
  - Manage our costs (to support all of the above)

# HPSM CA PCP P4P Evolution (2017– Now):

# CareAdvantage PCP P4P Program Structure Updates

## Phase 1 (Today)

- FFS P4P only
- No population size threshold for program participation eligibility
- No benchmarking structure

## Phase 2 (2020)

- Moving to Benchmark Performance structure
- 50 members assigned participation eligibility threshold (cut-off date Jan. 1, 2020)
- 11 metrics for payment
- 7 additional for reporting only

# CareAdvantage PCP P4P Program Structure Updates

## Phase 1 (Today)

- FFS P4P only
- No population size threshold for program participation eligibility
- No benchmarking structure

## Phase 2 (2020)

- Moving to **Benchmark Performance structure**
- **50 members assigned participation eligibility** threshold (cut-off date Jan. 1, 2020)
- **11 metrics for payment**
- 7 additional for reporting only

# Measure Prioritization:

## Based on current state:

Confirm order/inputs for **prioritization** of the P4P measure set

 Confirm **source** inputs for the P4P measure set specifications  
(based on the above priorities)

 Review **target measure set** based on priorities and  
specification source inputs

# Measure Prioritization Criteria

- **Compliance/regulatory needs**
- **Financial Management Priorities** (i.e. CMS Quality Withhold)
- **External quality reporting/priorities** (i.e. HEDIS)
- **Internal quality reporting/priorities**
  - Support programmatic initiatives
  - Pre/post-measurement for evaluation purposes
- **Internal administrative priorities** (i.e. encounter data capture)
- **Current network performance rates**

# Sources for Measure Specifications (CA):

- CMS Quality Withhold
- HEDIS/Core measure set
- Plan administrative priority
  - i.e. encounter data submission; timely filing; plan engagement/membership volume

# CA FFS P4P Measures Today:

1. Adult BMI Assessment

2. Blood Pressure Control (CBP)

3. Care for Older Adults:

1. Pain Assessment

2. Advance Care Planning

3. Medication Review

4. Functional Status Assessment

4. Cervical Cancer Screening

5. Colorectal Cancer Screening

6. Depression Screening & Follow-up (12 y/o +)

7. Diabetes Blood Pressure Control

8. Diabetes Retinal Eye Exam

9. Diabetes HbA1c Control

10. Diabetes Medical Attn. for Nephropathy

13. Mammogram for Breast Cancer Screening

14. Substance Misuse Screening & Follow-up (12 y/o +)

# CA PCP P4P Benchmark Program: 2020

## 2020 Payment Metrics (11 metrics assigned)

1. Adult BMI Assessment
2. Colorectal Cancer Screening
3. **Comprehensive Diabetes Care- HbA1c Poor Control (>9.0%)**
4. Controlling High Blood Pressure
5. Depression Screening and Follow-up
6. **Transitions of Care – Patient Engagement After Inpatient Discharge**
7. **Transitions of Care- Medication Reconciliation Post-Discharge**

### 'Care for Older Adults' Components:

8. Pain Assessment
9. Advance Care Planning
10. Medication Review
11. Functional Status Assessment

## 2020 Reporting Metrics

1. **Comprehensive COA\***
2. **ED visits/1000**
3. **Hospitalization for Potentially Preventable Complications**
4. Mammogram for Breast Cancer Screening
5. **Plan All-Cause Re-admissions**
6. Substance Misuse Screening & Follow-up
7. **Use of High-Risk Medications in the Elderly - One Prescription**

\***Bold = new or updated**

# Reports – A High-Level Review

- Active Engagement
- P4P Progress Report (real time)
- P4P Member Detail Report (real time)

# Reports – A High-Level Review

- Active Engagement
- **P4P Progress Report (real time)**
- **P4P Member Detail Report (real time)**

# Progress Reports

- Location: eReports portal
- Format: Excel file
- Includes:
  - All measures in the program: Both payment and reporting
  - Flag whether payment or reporting
  - Benchmarks
  - Current performance
- What else would be helpful?

# Program Development and Timeline:

- **PCP Contract Amendments – Due today!**
- When updated HEDIS benchmarks are available: **Late December 2019**
  - Update program guidelines and post online
  - Update report specifications (target for first 2020 reports = **March 2020**)
  - Testing/validation of new report specs

Thank You!
